bob

The working bells plain hunt, except when the treble leads. At the treble lead one bell makes seconds, the bells in 3-4 dodge and the bell in 5ths place lies for 4 blows.

At a bob:

- the bell which would make 2nds runs out - next work is 2nds
- the bell which would dodge 3-4 down runs in - next work is 3-4 down
- the bell which would dodge 3-4 up makes 4ths and goes in - next work 4 blows in 5ths
