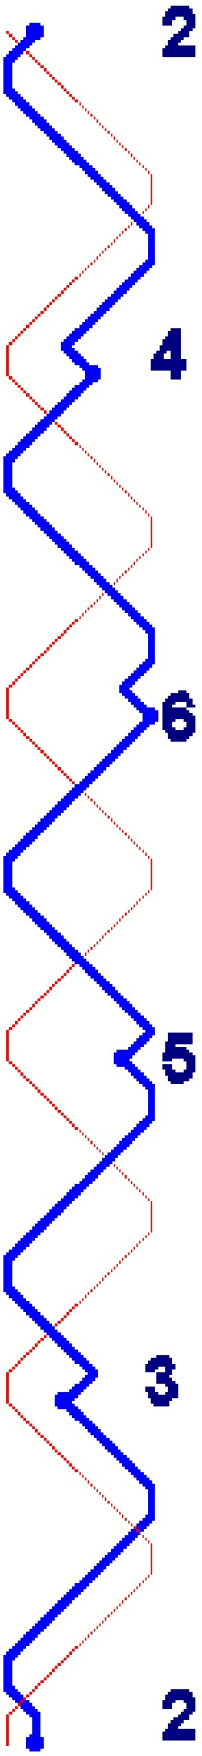
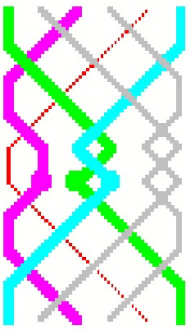
Plain Bob Minor

St. Chad's Pattingham Bellringers

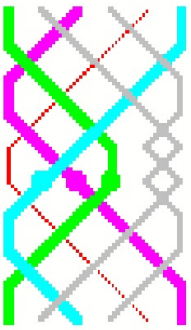
blue line



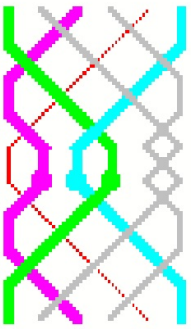
plain lead



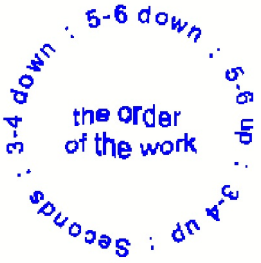
bob



single



The working bells plain hunt, except when the treble leads. At the treble lead one bell makes seconds and the others dodge.



At a bob:

- the bell which would make 2nds runs out - next work is 2nds
- the bell which would dodge 3-4 down runs in - next work is 3-4 down
- the bell which would dodge 3-4 up makes 4ths and goes in - next work is 5-6 down

At a single:

- the bell which would make 2nds is unaffected
- the bell which would dodge 3-4 down makes 3rds and goes back up - next work is 2nds
- the bell which would dodge 3-4 up makes 4ths and goes in (as at a bob) - next work is 5-6 down
