

# Plain Bob Triples

blue line

plain lead

bob

single

The working bells plain hunt, except when the treble leads. At the treble lead one bell makes seconds, the bells in 3-4 and 5-6 dodge and the bell in 7th place lies for 4 blows.

The order of the work is:

- \* 2nds
- \* dodge 3-4 down
- \* dodge 5-6 down
- \* 4 blows in 7ths
- \* dodge 5-6 up
- \* dodge 3-4 up
- \* 2nds

At a bob:

- the bell which would make 2nds runs out - next work is 2nds
- the bell which would dodge 3-4 down runs in - next work is 3-4 down
- the bell which would dodge 3-4 up makes 4ths and goes in - next work is 5-6 down

At a single:

- the bell which would make 2nds is unaffected
- the bell which would dodge 3-4 down makes 3rds and goes up - next work is 2nds
- the bell which would dodge 3-4 up makes 4ths and goes in (as at a bob) - next work is 5-6 down
