

Reverse Canterbury Doubles

This method is similar to Plain Bob but instead of the bells in 3-4 make places instead of dodging at the lead end. Places up is 2 blows in 3rds then 2 blows in 4ths. Places down is 2 blows in 4ths then 2 blows in 3rds.

At a bob:

- the bell which would make 2nds makes 3rds and goes in - next work is 4 blows in 5ths
- the bell which would make 3-4 places down makes 4 blows in 4ths and goes back up - next work is 2nds
- the bell which would make 3-4 places up makes 3rds and goes in - next work 3-4 places down

By place passing treble going up			
	pass treble	at plain lead	at bob
●	1-2	make seconds	3rds and in
●	2-3	3-4 places up	3rds and in
●	3-4	4 blows in 5ths	unaffected
●	4-5	3-4 places down	4 blows in 4ths and up
