

The bells in 1-2 make places (lead 2nds lead). The bells above make 3rds and go back up. The lead end is the same as Plain Bob.

At a bob:

- the bell which would make 2nds runs out - next work is 4 blows behind
- the bell which would dodge 3-4 down runs in to places on the front then 3-4 up
- the bell which would dodge 3-4 up makes 4ths and goes in to places on the front then 2nds over the treble

By place passing treble going up			
	pass treble	at plain lead	at bob
●	1-2	make seconds	run out
●	2-3	dodge 3-4 up	make 4ths and down
●	3-4	4 blows in 5ths	unaffected
●	4-5	dodge 3-4 down	run in
