

The bells in 1-2 double dodge. The bells above make 3rds and go back up. The lead end is the same as Plain Bob.

At a bob:

- the bell which would make 2nds runs out - next work is 4 blows behind
- the bell which would dodge 3-4 down runs in to lead and double dodge 1-2 up
- the bell which would dodge 3-4 up makes 4ths and goes in to double dodge 1-2 down

By place passing treble going up
