

The bells in 1-2 double dodge. The bells above make 3rds and go back up. The lead end is the same as Reverse Canterbury so the bells in 3-4 make places.

At a bob:

- the bell which would make 2nds makes 3rds and back in to double dodge 1-2 down
- the bell which would make 3-4 places down makes 4 blows in 4ths and goes up
- the bell which would make 3-4 places up makes 3rds and goes in to lead and double dodge 1-2 up
